

Fabrizio Carinelli – President of CANA Construction is pleased to announce the appointment of Blaine Zandbelt as Vice President Operations, CANA Construction, effective December 3rd, 2012.

Blaine joined CANA in 1998 as an Engineering Intern working on the complex TELUS Convention Centre and Hyatt Hotel construction. Blaine has since been involved on a

diverse range of projects throughout his career, in various roles including acting as CANA's Chief Engineer. Some of his most notable projects include the Calgary Courts Centre, WestJet Head Office and Calgary West Light Rail Transit (LRT) Expansion.

Blaine is Gold Seal Certified in Project Management through the Canadian Construction Association and currently serves as a member of the Board of Directors of the Calgary Construction Association. He is also the past President of the Calgary General Contractors Association.

CANA celebrated its 70th anniversary in 2012 with a corporate re-organization in September of this year. Blaine joins CANA's other Senior Executives in supporting CANA's continued growth in serving the people of Alberta and taking on a variety of construction projects.
