

## NEWS RELEASE

**FOR IMMEDIATE RELEASE: DECEMBER 6<sup>th</sup> 2012**

**THE WEST LRT STATIONS PROJECT HAS BEEN SELECTED AS ONE OF 2012'S TOP CONSTRUCTION PROJECTS BY ALBERTA CONSTRUCTION MAGAZINE, ALBERTA'S LEADING CONSTRUCTION TRADE JOURNAL.**

---

West LRT Stations won in the Civil Projects over \$50,000,000 category. CANA was the Construction Manager on this Design-Build Joint Venture project.

Winners of the 2012 Alberta Construction Magazine Top Projects Awards were announced at a gala event sponsored by KPMG on December 4<sup>th</sup>, 2012 at the Derrick Golf & Winter Club in Edmonton, Alberta.

Winning projects were selected by a five-member panel of judges who considered such things as design-functionality and appearance, environmental impact, the success of the construction process, innovative construction materials and the project delivery method when making their decision.

"This year's winning projects were impressive," said Chaz Osburn, editor of Alberta Construction Magazine. "Alberta's construction industry is second to none, as projects like this illustrate."

"We're proud to support Alberta Construction Magazine's 2012 Top Projects," said Craig Sneddon, Partner, KPMG's Real Estate Practice in Edmonton. "Each project demonstrates a commitment to design functionality, the environment, and innovation- all contributing factors that have a positive impact on our local economy."

Construction of the West LRT stations began in February 2010 and will be completed for the grand opening of the West Light Rail Transit line on December 8<sup>th</sup>, 2012. The West LRT project will be instrumental in expanding LRT services for Calgary, as it is expected to serve just over 100,000 Calgarian's. Over the past decade the City of Calgary has doubled its LRT network and the West LRT project has contributed substantially to that effort.
